PRESS RELEASE

The American Hospital of Paris Foundation Board Establishes *Harjes Legacy Society*

New York, N.Y. July 2008. The Board of Directors of The American Hospital of Paris Foundation has established the Harjes Legacy Society, the first official planned giving society for the American Hospital of Paris in the United States.

The Society is named for John H. Harjes – a founder and first President of the American Hospital of Paris whose endowment fund, created by his heirs in 1915 to commemorate his leadership, continues to support the Hospital to this day.

The Society recognizes the many American donors who wish to leave a lasting legacy for the American Hospital of Paris. There are a myriad of giving options from which to choose. Whether the gift is made through a provision in their will, or through a more complex trust arrangement – all will be recognized as members of the Harjes Legacy Society.

Harjes Legacy Society members will receive distinctive recognition in the Hospital and will be invited to private tours and exclusive events hosted by the Foundation. Members have the satisfaction of knowing they are supporting the future of America's Hospital in Europe, a premiere healthcare institution now over a century old.

The mission of The American Hospital of Paris Foundation is to raise funds and awareness in the United States for the American Hospital of Paris. For more information contact Gary D. Jaworski, Ph.D., Executive Director, AHP Foundation, 575 Madison Avenue, 10th floor, New York, NY 10022. Website: www.ahpf.org. Phone: 212-605-0380.
